Dear Paul and Yvonne

I would like to thank you for your sterling work in supplying me with my new car.

Not only did you manage to secure a great deal, you also managed to get one of the last few available before they ran out completely.

Your customer services ethos is something to be admired, I was impressed that both Yvonne and you worked very hard to source the car for me, even though you were on holiday and should have been relaxing by the pool.

Your customer service didn't stop there, I was not available to take delivery of the car on the day, so you kindly agreed to take delivery of it for me and even dropped it off at my house for me. Brilliant!

You definitely have a customer for life. Thank you both.

Kind Regards

Andrew Warner
